## About Us

We, **Manoj Polypack Pvt Ltd**, commenced operations in the year 2004 to cater to the varied requirements of the packaging industry. Packaging in the form of superbly designed blow moulded containers which include Wide Mouth, Narrow Mouth and Open Top Drum among others. Our products have wide applications in the fields of **Specialty Chemicals, Agrochemicals, Fine and Lab Chemicals, Petrochemicals, Paints & Adhesives, Water Purification Chemicals, Inks & Solvents and Pharmaceuticals** among others, all meeting **National and International Standards**. Our containers go through stringent **quality checks** and **control** by our experts to ensure that we provide the highest quality standards. We adhere to strict measures while procuring the **highest grade of raw material** which in turn promises the superiority of our containers. Our organization has selected **Constant Innovation** as the pathway to growth. The use of the latest technology and modern machinery ensures best solutions for our products. We have a **robust infrastructure** for storing our containers in a safe and most efficient manner.

MPPL is a close knit family run business having a presence in the polymer packaging industry for nearly two decades. Our constant drive is to provide complete and cost-effective solutions coupled with supreme quality and service. Our promoters **long standing passion and a focused vision** has enabled them to be trusted suppliers for...
